## QUESTION ONE

(a) Complete the table below with details from the passage.

	What went well?	What went wrong and how did they feel about this?
Leon	<p>Leon went away for the summer holidays with his family. They stayed in a holiday house not far from the beach. It was sunny everyday and the food also tasted good. It was never boring for Leon.</p>	<p>Leon had stress in school this year. This stress was because he had received bad grades in french at school(s) because he <del>wasn't his sister</del> he couldn't be bothered to learn the vocabulary. Luckily his sister learnt with him and his grade improved to a 4.</p>
Emma	<p>there were many highlights, although the year was okay. She went with her friend the first time without their parents to a music festival to listen to their favorite band. Then they went with their favorite teacher on a class field trip to a forest. although they had to do some school tasks it was fun. Her <sup>best</sup> highlight was that her football team won all their games.</p>	<p>Emma broke her leg at training and was in the hospital for 1 week which made her angry because she missed the most exciting games, But was of course happy they could win all their games. Now she is fit and is looking forward to the next game.</p>

- (b) What could be learned from Leon's and Emma's experiences? Justify your response using evidence from the passage.

Both Emma and Leon had ups and downs to their year.

What can be learnt from Leon is to study for ~~the exams~~ and school and that help from others will always benefit. At first Leon's experience was stressful because of the bad grades he got because he couldn't be bothered to study the vocabulary but after his sister helped him his grades improved.

Emma's experience was frustrating for her because after she broke her leg at training she was at the hospital for a week and missed all her team's exciting games.

She was glad however that they won all their games and is fit and ready to play again. We can learn from her that although life can throw you a ruckus, like a broken leg, everything works out in the end and Emma can go back to her team stronger than ever.

## QUESTION TWO

(a) Complete the table below with details about Tobias' and Georgia's efforts to earn money.

	What did they want money for?	How did they earn money?
Tobias	<p>his mother is from England and he has cousins in England who are his age and he would like to visit them. But the trip was very expensive and he needed to raise money for it.</p>	<p>He helped 2 students out of the 7th class learn English. He enjoyed it a lot and might want to be a teacher when he's older. He also did dog walking but he didn't enjoy it as much because he had to wake up early for it. He also couldn't be bothered to go in bad weather. In the end he saved and made enough money to go on his trip.</p>
Georgia	<p>She lives in Indonesia on the south island and would like to go on a trip around the North island, which she needs to save up for.</p>	<p>In her free time she makes poi and her mum helped her set up an online shop to sell poi called Poiini Poi. In 2022, the rugby world cup was on. The world cup foundation ordered 72,000 poi to give to the audience. Of course she didn't make all the poi herself. She had a team and her co-owners could earn money off the poi, which was very important to her. From the website you can buy poi today but also other stuff such as hoodies and small poi earrings.</p>

- (b) How satisfied are they with their experiences earning money? Justify your response using evidence from the passage.

Tobias is somewhat satisfied with his ~~trip~~ experiences earning money. To save up for going to visit his 2 cousins in England he did dogwalking and tutoring of two 7th grade students with their English. He enjoyed the tutoring and even ~~was~~ thought about being a teacher in the future. He was somewhat satisfied with his whole experience however because the dogwalking was not as enjoyable to him because he had to wake up early and he couldn't be bothered walking in the bad weather. He did however make all the money <sup>he needed</sup> in Georgia, however, was very satisfied with ~~his~~ ~~dog walking~~ her means of making money as she makes poi in her free time, as a hobby. Her mum even helped her set up an online poi shop to sell her poi, called Potiki Poi. Her business was successful and 72,000 poi were ordered by the Rugby World Cup organization, which she made alongside her coworkers in 2022 and the shop is still open to date, selling poi earrings, hoodies, and of course poi showing how successful poi making was for her.

for 45 minutes.

41 for adults, it costs \$11

(b) Who would benefit from this attraction? Justify your response using details from the passage

the department store hopes to attract ~~online buyers~~.  
~~the want to combine~~ people to come to the  
 store instead of online shopping. ~~the~~ They are  
 combining watersport ~~and~~ and free time.  
 surfing at the department store is favored by  
 surfers people because there are no dangerous shocks in the  
 water, and you can swim at any weather because it is  
 indoors. Families would also benefit from this  
 as it's perfect for kids, as long as your <sup>child is</sup> above 8, to  
 learn how to surf from one of the passionate teachers.  
 kids can learn fast without having to be scared.  
 12 year old sophie loved it, even though it was  
 more difficult than she
