

## Te Kaupae 1 Te Pāngarau 2024

**92068 Te whakamahi whakaaro āhuahanga, whakaaro  
ine hei whakaoti rapanga**

Ngā Whiwhinga: E 5

Kairangi	Kaiaka	Paetae
Ka whakamahi whakaaro āhuahanga, whakaaro ine mā roto mai i ngā whakaaro waitara hei whakaoti rapanga.	Ka whakamahi whakaaro āhuahanga, whakaaro ine mā roto mai i ngā whakaaro tūhonohono hei whakaoti rapanga.	Ka whakamahi whakaaro āhuahanga, whakaaro ine hei whakaoti rapanga.

## HE TAUAROMAHI

No part of the candidate's evidence in this exemplar material may be presented in an external assessment for the purpose of gaining an NZQA qualification or award.

Tā te ākonga mahi (Kairangi/Excellence)

# Te Iine Hīnaki

NSN:146382092

I te taenga mai o ō tātou tūpuna ki tēnei whenua o Aotearoa, i ngakoro katoa te taiao o tēnei whenua, ngā roto, ngā awa, ngā moana, ngā takutai hoki. Haere te wā, ka kitea te āwhina me te hua o ngā tangata ki roto i te taiao.

E ai ki te ao maori, he uri whakaheke ngā tuna nā Tangaroa. Heoi aōo, he rerekē tō ia īwi, ūa ia īwi. Nō roto mai o Rotoiti ko ngā momo tuna nui he taniwha, he kaitiaki kē.

I kauhoe mai ngā tuna mai i Tonga, ko te tawhiti o te kauhoe, he 2,382 kiromita te tawhiti.

2,382 km

Distance from New Zealand to Tonga

**Te Pātai:**

Mēnā he 125 hm te roanga, he 45 hm te whānui, he 35 hm te teiteinga o tētahi hīnaki tapawhāroa. He aha te nui o ngā rauemi me whakamahi kia hanga i te hīnaki, he aha hoki te rōrahi?

Kia whakautua te pātai nei, me tātai ahau i te rōrahi me te horahanga mata

Te tātai kia kimi i te rōrahi= Roa x Whānui x Teitei

Te tātai kia kimi i te horahanga mata= Roa x whānui + roa x teitei + whānui x teitei

$$\text{Horahanga} = \text{Roa} \times \text{Whānui}$$

Roa: 125 hm

Whānui: 45 hm

$$\text{Horahanga} = 125 \text{ hm} \times 45 \text{ hm} = 5,625 \text{ hm}^2$$

$$\text{Rorahi} = \text{Roa} \times \text{Whānui} \times \text{Teitei}$$

Roa: 125 hm

Whānui: 45 hm

Teitei: 35 hm

$$\text{Rorahi} = 125 \text{ hm} \times 45 \text{ hm} \times 35 \text{ hm} = 196,875 \text{ hm}^3$$

$$\text{HORAHANGA MATA} = \text{Roa} \times \text{Whānui} + \text{Roa} \times \text{Teitei} + \text{Whānui} \times \text{Teitei}$$

Roa: 125 hm

Whānui: 45 hm

Teitei: 35 hm

Ture tātai kia kitea te **horahanga mata** =  $125 \text{ hm} \times 45 \text{ hm} + 125 \text{ hm} \times 35 \text{ hm} + 45 \text{ hm} \times 35 \text{ hm}$

**TEPE 1:** Tāpirihia ēnei nama =  $5,625 \text{ hm}^2 + 4,375 \text{ hm}^2 + 1,575 \text{ hm}^2 = 11,576 \text{ hm}^2$

**TEPE 2:** Whakarea ki te 2:  $2 \times 11,576 \text{ hm}^2 = 23,152 \text{ hm}^2$

**TEPE WHAKAMUTUNGA:** Horahanga Mata=  $2 \times 11,576 \text{ hm}^2 = 23,152 \text{ hm}^2$

**Te whakautu ki taku pātai**

Horahanga mata = 23,152

hm<sup>2</sup> Rorahi = 196,875 hm<sup>3</sup>

Me whakamahi ahau kia 23,152 hm<sup>2</sup> o te paparanga kia hanga i taku hīnaki tapawhā roa.

Ture hanga i te koeko

**Volume formula:**

$$V = (1/3) \times \pi \times h \times (r^2 + r \times R + R^2).$$

**Slant height formula:**

$$s = \sqrt{(R - r)^2 + h^2}.$$

**Lateral surface area formula:**

$$\text{Lateral} = \pi \times (R + r) \times s.$$

**Top and bottom surface area:**

$$\text{Top} = \pi \times r^2 \text{ and } \text{Bottom} = \pi \times R^2.$$

**Total area formula:**

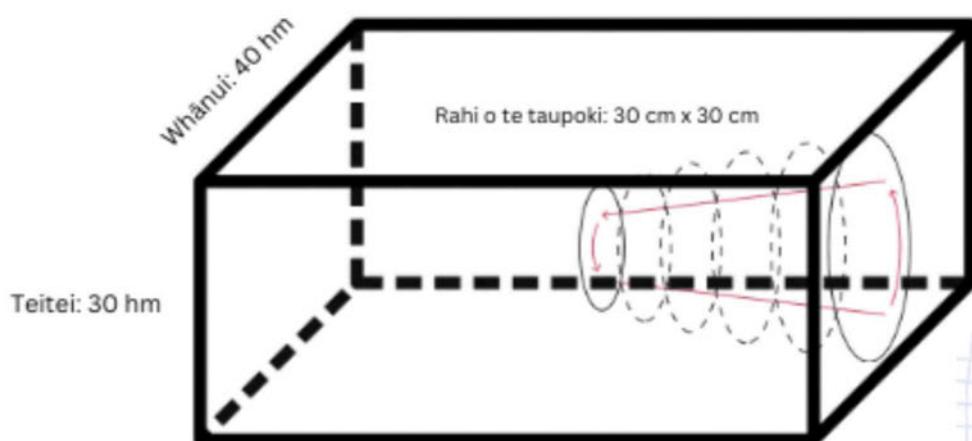

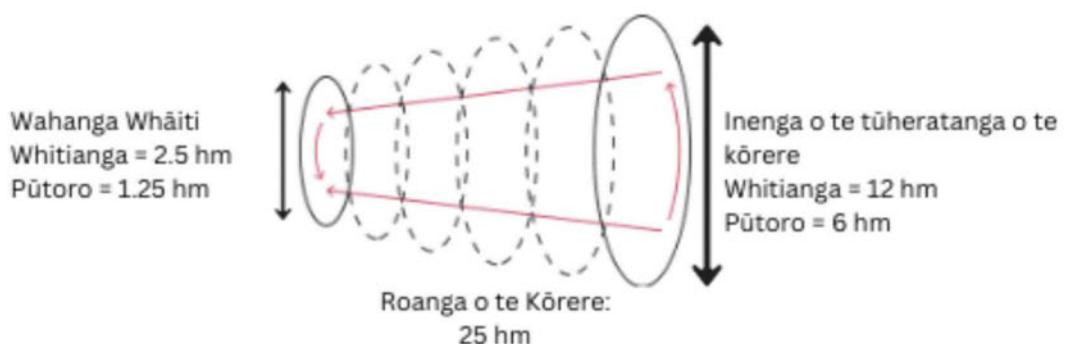

$$\text{Total} = \text{Lateral} + \text{Top} + \text{Bottom}.$$

$$\begin{aligned}\text{Horahanga} &= \text{Roa} \times \text{Teitei} \\ H1 &= 125 \times 40 = 5000\text{hm}^2 \\ H1 \times 2 &= 10000\text{hm}^2 \\ H2 &= 125 \times 30 = 3750 \text{ hm}^2 \\ H2 \times 2 &= 7500\text{hm}^2 \\ H3 &= 30 \times 40 = 1200\text{hm}^2 \\ H3 \times 2 &= 2400\text{hm}^2\end{aligned}$$

$$\begin{aligned}H &= \text{Horahanga o te koeko:} \\ &579.592 \text{ hm}^2\end{aligned}$$

$$\begin{aligned}&\text{Total surface area} \\ &2.0479591 \text{ m}^2\end{aligned}$$

Ko tētahi o ngā rautaki hopu tuna, ko te hīnaki. He maha ngā momo hīnaki hopu tuna, engari ko te hīnaki ka whakamahia e au mō taku mahi, he mea tapawhā roa.

Ko te take i whiria ahau i tetahi hinaki tapawha roa i te mea ko enei nga hinaki ka whakamahia e taku iwi.

Rahinga o te mata : 12 mm (1.2 hm)  
nui atu rānei

# Ngā Utu

Mo te hīnaki waea, ko ngā rauemi matua ko ēnei:

- Paparanga waea whakahoi
- Kutikuti waea
- Here waea

Ki Bunnings i kitea he paparanga waea whakahoi, 900mm x 13mm te rahinga mō te \$92.

Ko ētahi atu rauemi ka āwhina hoki kia whakāu i te waea he hononga mētara kia mau ai i te hanga puoto.

**Summit Steel & Wire 900 x 13.0mm x 10m Galvanised Square Welded Mesh**

\$92

Horahanga mata:  
 $0.9 \times 10 = 9\text{m}^2$

Horahanga mata-  $2.047 / 9 = 0.227$

No reira me hoko noa kia kotahi he rora hei hanga i taku hinaki.

Ko ia ūrora o te paparanga he 900 mm x 10 m te rahinga. He rite ki te:

Whānui o te paparanga: 0.9 m  
Roa o te ūrora: 10 m

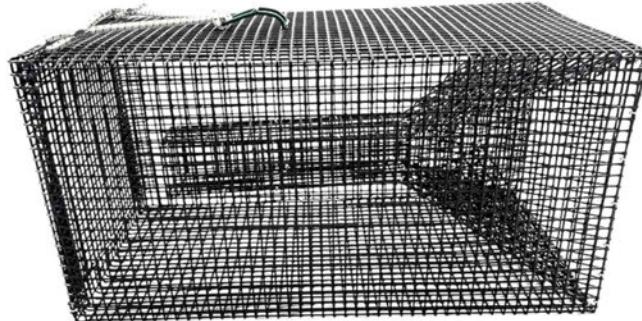

Me whakamahi ahau i fetahi ūrora hei hanga i taku hīnaki.

## He meka mō ngā hīnaki

Ka taea te roanga o te hīnaki kia 1 ki te 1.5 mita. Engari ko ētahi hīnaki he nui ake i te 2 mita kia hopu i ngā tuna nui.

Ko te taitapa ka taea te ine atu ki te 35-50 henemita i te wharahitanga me te 20 ki te 45 henemita i te teiteinga. Ko te tikanga o te rahi kia mau tonu te mahanga me te whakanui i te waahi hopu.

Mo nga hinaki popohue, he kuaha kei ngā taha e rua o te hīnaki, he tuanui ūanei e taea ana te tango, kia hopu, kia waiho ūanei i te maunu ki roto

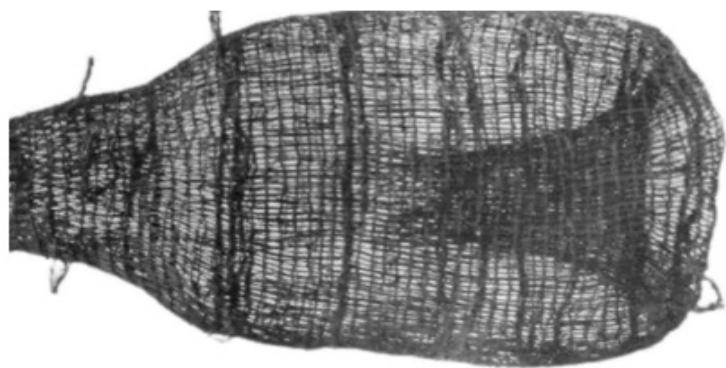

Ko te tikanga, me whakauru i te tarore kia 45 ki te 60 henemita (16-24 inihī) te hīhonu i raro i te wai kia piki te fuponotanga o te hopu tuna.

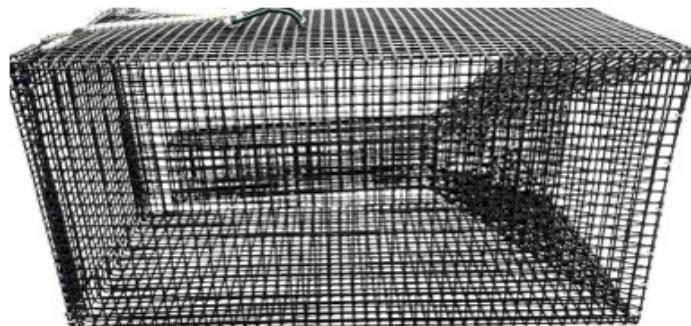

Iētahi wā, ka tapirihiha he mea taumaha ki raro i te hinaki, te taura ūanei kia kaua te tarore e rere, e mānu atu.

E ai ki te Ministry for Primary Industries (MPI) ko te ture o te rahi mō ētahi hinaki me 12mm (1.2 hm). Ka tuku tenei i ngā tuna paku me ngā ika iti kia puta pai i te hīnaki. I ngā ra o mua i hangaia ngā hīnaki ki te aka, te harakeke me te manuka. Iriāanei ka kite koe i ngā hinaki kua hangaia ki te fīra, te mītarā, he popohue ūanei kia kaua te hīnaki e waikura.

Ko ētahi hinaki he kuhunga korere kotahi noa, ko te ingoa o'enei hīnaki he Parera, he whakarua ūanei. Ko te ahua o ūanei tarore, he ahua rahi te kuhunga engari ka whāiti haere. Koiā ka ngawari kia kuhu atu te Tuna engari ka uua kia puta. Ko te nui o te kuhunga, he ahua 10 ki te 15 henemita te whitianga. I te wa ka kauhoe tonu te tuna ki te tarore ka whāiti haere, ka heke te nui ki te 2.5 ki te 4 henemita.

**He aha te panga o te hīnaki puoto ki te tere o te mau i te tuna ki te whakatairite ki te hīnaki tapawhā roa?**

### Ka whakarerekehia te horahanga me te ahua i te rapunga me te urunga o te tuna ki te hinaki

💡 Ko te **Hinaki puoto** he porohita te ahua o te fuheratanga kia ngawari ake ai te rapu a te tuna i te mea he māori ake te ahua e rite nei ki ngā kuhunga o raro i te wai i roto i fo īatou taiao.

🎁 He wħanui, he papatahi hoki te urunga o te **Hinaki tapawħha roa** noreira he nui atu ngā tuna ka uru i te wā kotahi mehemea kua pai te whakatakotoranga ki te wai e whai ana i te ia o te wai.

### Kei nui atu te hopu i ngā tuna i te wā kotahi mehemea he nui atu te ŋorahi

💡 I te nuinga o te wā he nui atu te **Hinaki puoto** noreira he nui atu ngā tuna ka mau i te wā kua mau.

🎁 He nui atu pea te ŋorahi katoa o te **Hinaki tapawħha roa** engari ko te hanga taineke o roto kaore e mau katoa i ngā tuna.

### Ka whai pānga te rere o te wai me te taineke a te hinaki i te hopunga me ngā tauira kauhoe a te tuna

💡 Ka tuku te ahua o te **Hinaki puoto** i te wai kia āta rere ki roto, i waho atu hoki i a ia ē arahi nui ake ana i ngā tuna ki roto i te hinaki.

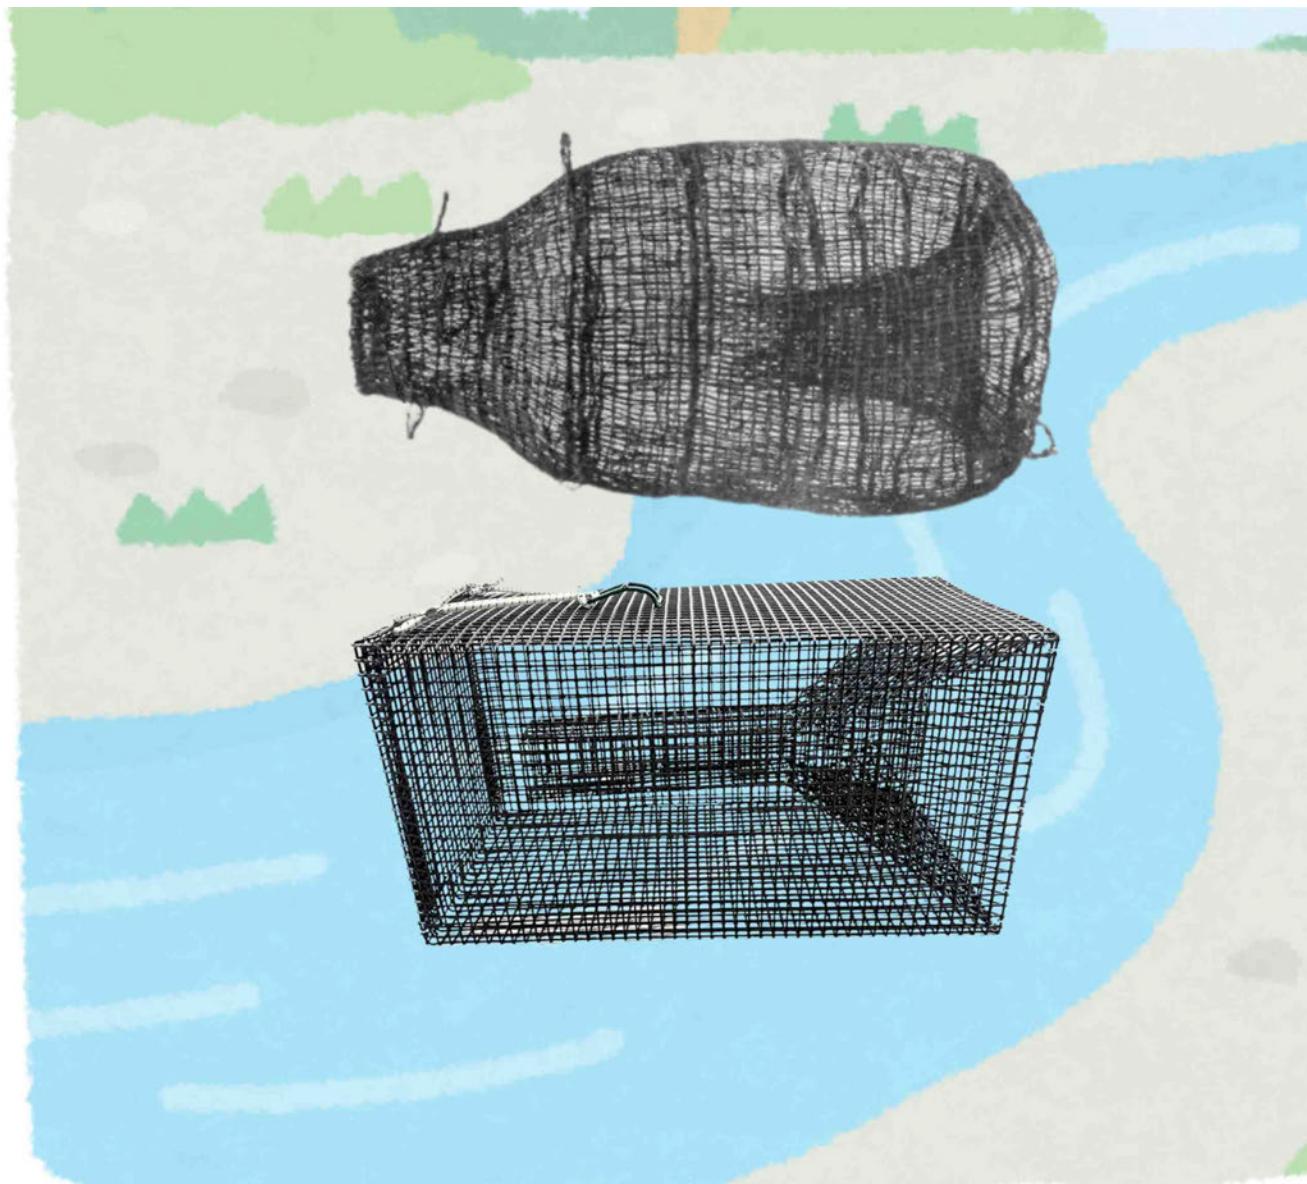

🎁 Kei aukati te **Hinaki tapawħha roa** i te rere o te wai, kei runga i tana nohonga, ařa, ka whai pānga feřa ki te whanonga i te tuna e p̄atata atu ana ki te hinaki

### Tikanga

Kei īangai te kowhiranga o te hoahoa ki ngā mātauranga tuku iho, ki ngā wheako hoki i ngā kaiħituna ē āta mātai ana i ngā hua me ngā rereketanga kua kitea i ngā ahua hinaki rereke me ngā tini taiao e noho nei ngā hinaki.

### Ōku whakaaro i ngā kohinga rangahau

I te 💡 hinaki puoto ka kitea ko te pai o te rere o te wai, he ahua urunga e īangai ake ana ki te taiao, ā, kei nui atu te hopunga o ngā tuna. Heoi, he nui atu te 🎁 Hinaki tapawħha roa, ā, i te nui o te urunga me te ŋorahi engari kei aukati i te rere o te wai. I te mutunga ake ko te painga o ngā hinaki kei runga i te rere o te wai, te whanonga o ngā tuna me te taiao motuhake ka whakamahia ngā hinaki.

# Nga hononga rangahau

<b>Te Tūmahī</b>	<b>He Pitopito Kōrero</b>
Tuatahi	Mārakerake ana te raupapa aroā o ngā whārite. E kitea ana te hāngai o ngā hāponotanga ki te take i hua mai ai ngā otinga. Kei reirā te whakataunga e whakamārama ana i te hua o te rangahau.

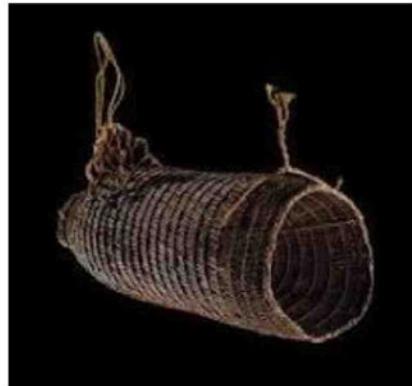

## Tā te ākonga mahi (Patae/Achieved)

# Pehea te hanga hinaki ki te hopu tuna

Ko te tuna he ika taketake no Aotearoa, ā, he tino kai ki te māori. E toru ngā momo tuna āra ko te tuna longfin, te tuna shortfin me te tuna australian longfin. Ka pēhea koe e mōho he aha te momo tuna? 1- tiro ki te urutira. Ko ngā longfins he roa ake te urutira ki te anal fish engari, ngā shortfin he āhua ūrite te roa o ngā fins e rua. 2-koiri te tinana. I te wā ka kōiri i te tinana mēnā ka whakātu ngā kōruhe he tuna longfin tērā, ā, mēnā tētacea te kite he shortfin. 3- Kei te ika ngā ira. He ūrite te hanga o ngā australian longfins ki ngā mea nō Aotearoa engari kei ngā Australian longfins ngā ira pango hurinoa i te tinana. He āhua kino ngā karu o te tuna engari he ihu kuri tā rātou, ā, ka kimi rātou i te kai mai te hongi me te rongo. Ka noho ngā tuna ki ngā wāhi pōuriuri, ngā wāhi tē tāea te tino kite hei tauira ngā wai hohonu. E ono ngā whanaketanga i te mataora o te tuna. Tuatahi ka tīmata mai te tuna ki tētahi hēki i roto i te moana kātahi ka paopao mai ngā heki i roto i te moana, ā, ko tēnei te Larvae. I te wā ka tae atu rātou ki te parumoana ka huri rātou hei glass eels. Hei tōna wā ka huri hei Elvers (juvenile eel) āra i te wā ka tini te tuna ki te tae parauri. Kātahi ka tupu hei Adult Tuna, ā, ka mutu ki te Tuana heke. I tēnei wā ka haerenga atu ki te moana, ki reira mate ai. No reira me pehea te hanga hīnaki hei hopu i ngā tuna? He aha ngā inenga hei hīnaki, tao, otirā ngā taputapu taketake hei hopu i te tuna?

# Hinaki

I ngā rā o nehe i whakamahi ngā tūpuna i ngā hīnaki ki te hopu i ngā ika. Ka hangāia te hīnaki ki te kōrari o te mangemange ranei o te aka-tororaro. Ka whakamahi hoki i te pakiaka o te kiekie. He rite te hanga o te hīnaki ki te kete, ka whakauru te maunu, ka haere ki roto i te wai, a, ka hopu i ngā ika ara ngā tuna. Ka whakamahia nuitia ngā noke engari taea ano hoki te whakamahi i te manu hei maunu. I te wā ka kuhu ngā tuna ki roto i te hīnaki te taea te puta. Ko te take ko te ākura he porohita iti ki tōna waha me ngā rara. Ka anga whakaroto ēnei rara kia whāiti ai a waenganui. Koinei te take tē taea te puta atu ngā tuna.

# Tatai

**Paenga o ngā porohita kei ia pito o te hīnaki:**

$$45 \times \pi \\ = 141.37$$

**Horahanga o te porohita:**

$$H = \pi p \times p \\ = \pi \times 22.5 \times 22.5 \\ = 1590.43\text{cm}^2$$

**Rango (Cylinder) o te hīnaki:**

$$1590.43 \times 125 \\ = 198803.75\text{cm}^2$$

**Horahanga mata o te porohita kei ngā pito o te hinaki:**

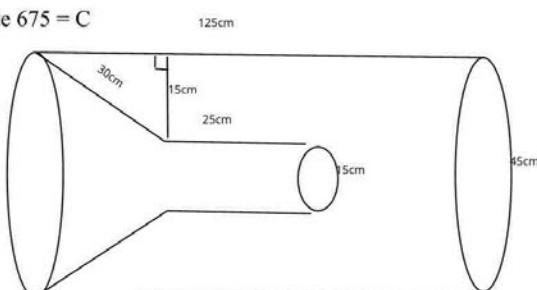

$$198803.75 + 198803.75 \\ = 397607.5$$

**Paitakorahi (Pythagoras) kia rapu i te roanga o te tapatoru ki roto i te kokonga ki te taha o te urunga o te hīnaki:**

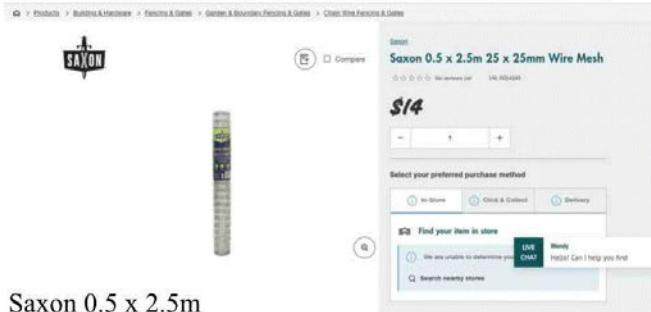

$$a^2 = b^2 + c^2 \\ 30^2 = 15^2 + c^2 \\ 900 = 225 + c^2 \\ c^2 = 900 - 225 \\ = 675$$

**Takepūrua i te 675 = C**

$$C = 25.98\text{cm}$$

## Utu mo te wire mo te hīnaki

Saxon 0.5 x 2.5m

I whakamahi ahau i te kukara ki te tini i te cm ki te m:

$$198803.75\text{cm} \div 10,000 = 19.880375\text{m}$$

Ki te kimi e hia te wire me whakamahi ahau mō tōku hīnaki i mahi au i tēnei:

$$0.5 \times 2.5 = 1.25$$

$$1.25 \div 19.880375\text{m} = 15.9043$$

Me hoko ahau i tēnei wire mesh (15.9043) engari ka whakaawhiawhi ki te 16 ngā wā

$$\text{Nō reira } \$14 \times 16 = \$224$$

**\$224** te utu mō te wire mesh

## Paetae

**Te Wāhanganga Ako:** Pāngarau

**Te Paerewa:** 92068

**Te Maaka:** 04/04

Te Tūmahi	He Pitopito Kōrero
Tuatahi	E whakaatu ana i ētahi whārite hāngai ana ki te horopaki me ngā huatau o te ine me te āhuahanga. He pai te raupapa hoi, kāore e tino kitea ana te whakataunga a te kairangahau i tua atu i ngā otinga.
