Geography: Demonstrate geographic understanding of environments that have been shaped by extreme natural event(s) (91007)

Evidence Statement

Question One		Expected Coverage
Not Achieved	N0	No response; no relevant evidence.
	N1	Limited diagram of the natural or cultural characteristics – no description given; no supporting evidence. <i>OR:</i> Limited description of how the natural or cultural characteristics make the named environment vulnerable; no supporting evidence.
	N2	Partial labelling of the natural or cultural characteristics given in the diagram; no supporting evidence. <i>OR:</i> Partial description of how the natural or cultural characteristics make the named environment vulnerable; no supporting evidence.
Achievement	A3	Diagram labels natural or cultural characteristics; very little supporting evidence. <i>OR:</i> Description of how the natural or cultural characteristics make the named environment vulnerable; very little supporting evidence; may refer to the diagram(s) drawn in (a).
	A4	Diagram labels natural or cultural characteristics; some supporting evidence. AND Description of how the natural or cultural characteristics make the named environment vulnerable; some supporting evidence; may refer to the diagram(s) drawn in (a).
Merit	M5	Diagram labels natural and cultural characteristics; some detailed supporting evidence. AND Explanation of how the natural and cultural characteristics make the named environment vulnerable; some detailed supporting evidence; may refer to the diagram(s) drawn in (a).
	M6	Diagram labels natural and cultural characteristics; detailed supporting evidence. AND Explanation of how the natural and cultural characteristics make the named environment vulnerable; detailed supporting evidence; refers to the diagram(s) drawn in (a).

Excellence	E7	<p>Diagram detailed and clearly annotated; clear links to named extreme natural event.</p> <p>AND</p> <p>Full explanation of how natural and cultural characteristics make the named environment vulnerable; integrated detailed supporting evidence; clear links to the diagram(s) drawn in (a).</p> <p>Explanation clear, but lacks full insight.</p> <p>Reference to a Geographic Concept (may be inferred).</p>
	E8	<p>Diagram is clearly annotated with a full explanation of the natural and cultural characteristics; clear links to named extreme natural event.</p> <p>AND</p> <p>Full explanation of how natural and cultural characteristics make the named environment vulnerable; integrated detailed supporting evidence; clear links to the diagram(s) drawn in (a).</p> <p>Reference to a Geographic Concept.</p>

Question Two		Expected Coverage
Not Achieved	N0	No response; no relevant evidence.
	N1	Limited description of the effects on the natural environment; no supporting evidence.
	N2	Partial description of the effects on the natural environment; no supporting evidence.
Achievement	A3	Description given of the effects on the natural environment; very little supporting evidence. No reference to natural features; diagram(s) may have been attempted.
	A4	Description given of the effects on the natural environment; some supporting evidence. Partial reference to natural features; diagram(s) attempted.
Merit	M5	Explanation of the effects on the natural environment; some detailed supporting evidence. Some reference to natural features; diagram(s) included, with some link to written explanation.
	M6	Explanation of the effects on the natural environment; detailed supporting evidence. Reference to natural features; diagram(s) included; links to written explanation.
Excellence	E7	Full explanation of the effects on the natural environment; integrated detailed supporting evidence; clear links to named environment. Reference to the Geographic Concept (may be inferred) and natural features; diagram(s) included; clear links to written explanation. Explanation clear, but lacks full insight.
	E8	Full explanation of the effects on the natural environment; integrated detailed supporting evidence; clear links to named environment. Reference to the Geographic Concept and natural features; diagram(s) included; clear links to written explanation.

Question Three		Expected Coverage
Not Achieved	N0	No response; no relevant evidence.
	N1	Limited description of ONE response; no supporting evidence.
	N2	Partial description of ONE response; no supporting evidence.
Achievement	A3	Description of ONE response (ie ONE individual, group, or organisation at ONE time period); very little supporting evidence.
	A4	Description of ONE response (ie ONE individual, group, or organisation at ONE time period); some supporting evidence.
Merit	M5	<i>EITHER:</i> Explanation of ONE response; detailed supporting evidence. <i>OR:</i> Explanation of TWO responses; some supporting evidence.
	M6	Explanation of TWO responses; detailed supporting evidence.
Excellence	E7	Full explanation of TWO responses; insight shown (ONE response may lack depth of detail). Detailed supporting evidence integrated. Reference to the Geographic Concept (may be inferred).
	E8	Full explanation of TWO responses; shows insight. Detailed supporting evidence integrated for ALL responses. Reference to the Geographic Concept.
