

Assessment Schedule – 2018

Geography: Demonstrate geographic understanding of population concepts (91008)

Assessment Criteria

Achievement	Achievement with Merit	Achievement with Excellence
<p><i>Demonstrating geographic understanding involves:</i></p> <ul style="list-style-type: none"> • describing population concepts in geography • including supporting evidence. 	<p><i>Demonstrating in-depth geographic understanding involves:</i></p> <ul style="list-style-type: none"> • explaining population concepts in geography • including detailed supporting evidence. 	<p><i>Demonstrating comprehensive geographic understanding involves:</i></p> <ul style="list-style-type: none"> • fully explaining population concepts using geographic terminology and concepts, and showing insight • integrating detailed supporting evidence.

Cut Scores

Not Achieved	Achievement	Achievement with Merit	Achievement with Excellence
0 – 7	8 – 12	13 – 18	19 – 24

Evidence

Question One: Population change

N1	N2	A3	A4	M5	M6	E7	E8
<p>Attempts to describe the concept of population change.</p>	<p>Partially describes the concept of population change.</p>	<p>Describes the concept of population change.</p> <p>Includes some supporting evidence from Figures 1 and 2 OR a case study.</p>	<p>Fully describes the concept of population change.</p> <p>Includes supporting evidence from Figures 1 and 2 OR a case study.</p>	<p>Partially explains the concept of population change.</p> <p>Includes some detailed supporting evidence from a case study.</p>	<p>Explains the concept of population change.</p> <p>Includes detailed supporting evidence from a case study.</p>	<p>Fully explains the concept of population change, showing some insight (an accurate and deep understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Refers to the geographic concept of <u>population change</u> (may be implied), and uses some geographic terminology.</p>	<p>Fully explains the concept of population change, showing insight (a comprehensive and full understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Applies the geographic concept of <u>population change</u>, and uses geographic terminology.</p>

N0 = No response; no relevant evidence.

Question Two: Population diversity

N1	N2	A3	A4	M5	M6	E7	E8
<p>Attempts to describe the concept of population diversity.</p>	<p>Partially describes the concept of population diversity.</p>	<p>Describes the concept of population diversity.</p> <p>Includes some supporting evidence from Figure 3 OR a case study.</p>	<p>Fully describes the concept of population diversity.</p> <p>Includes supporting evidence from Figure 3 OR a case study.</p>	<p>Partially explains the concept of population diversity.</p> <p>Includes some detailed supporting evidence from a case study.</p>	<p>Explains the concept of population diversity.</p> <p>Includes detailed supporting evidence from a case study.</p>	<p>Fully explains the concept of population diversity, showing some insight (an accurate and deep understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Refers to the geographic concept of <u>population diversity</u> (may be implied), and uses some geographic terminology.</p>	<p>Fully explains the concept of population diversity, showing insight (a comprehensive and full understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Applies the geographic concept of <u>population diversity</u>, and uses geographic terminology.</p>

N0 = No response; no relevant evidence.

Question Three: Migration and mobility

N1	N2	A3	A4	M5	M6	E7	E8
<p>Attempts to describe the impact of the chosen migration type on the origin OR destination.</p>	<p>Partially describes the impact of the chosen migration type on the origin OR destination.</p>	<p>Describes the impact of the chosen migration type on the origin OR destination.</p> <p>Includes some supporting evidence from Figure 4 OR a case study.</p>	<p>Fully describes the impacts of the chosen migration type on the origin AND destination.</p> <p>Includes supporting evidence from Figure 4 OR a case study.</p>	<p>Partially explains the impacts of the chosen migration type on the origin AND destination (one may be stronger than the other).</p> <p>Includes some detailed supporting evidence from a case study.</p>	<p>Explains the impacts of the chosen migration type on the origin AND destination.</p> <p>Includes detailed supporting evidence from a case study.</p>	<p>Fully explains the impacts of the chosen migration type on the origin AND destination (one may be stronger than the other), showing some insight (an accurate and deep understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Refers to the geographic concept of <u>migration and mobility</u> (may be implied), and uses some geographic terminology.</p>	<p>Fully explains the impacts of the chosen migration type on the origin AND destination, showing insight (a comprehensive and full understanding).</p> <p>Integrates detailed supporting evidence from a case study.</p> <p>Applies the geographic concept of <u>migration and mobility</u>, and uses geographic terminology.</p>

N0 = No response; no relevant evidence.
