

Assessment Schedule – 2021

Digital Technologies and Hangarau Matihiko: Present a reflective analysis of developing a digital outcome (91909)

Assessment Criteria

Achievement	Achievement with Merit	Achievement with Excellence
<p><i>Presenting a reflective analysis of developing a digital outcome involves:</i></p> <ul style="list-style-type: none"> • explaining the digital outcome that was developed • linking the outcome’s characteristics to decisions made in the development process, referring to: <ul style="list-style-type: none"> - selection of tools and techniques used to develop the outcome - the influence of stakeholder feedback. 	<p><i>Presenting an in-depth reflective analysis of developing a digital outcome involves:</i></p> <ul style="list-style-type: none"> • analysing how decisions made affected the development process, referring to: <ul style="list-style-type: none"> - selection of tools and techniques used to develop the outcome - the influence of stakeholder feedback. • explaining how new knowledge and skills guided the development process. 	<p><i>Presenting an insightful reflective analysis of developing a digital outcome involves:</i></p> <ul style="list-style-type: none"> • critiquing the outcome and the development process and reflecting on what could have been done differently. • drawing conclusions about the outcome and / or development process.

Cut Scores

Not Achieved	Achievement	Achievement with Merit	Achievement with Excellence
0 – 2	3 – 4	5 – 6	7 – 8

Evidence

N1	N2	A3	A4	M5	M6	E7	E8
<p>Makes relevant comments, but the response is incomplete.</p>	<p>Makes relevant comments in some parts of the response.</p>	<p>Describes the digital outcome and explains its purpose or function.</p> <p>Makes links between the final outcome and initial decisions about:</p> <ul style="list-style-type: none"> • the needs of the outcome's end-user(s). • the tools and techniques used to develop the outcome • the stakeholder(s) to involve in the development process. 	<p>Describes the digital outcome and explains its purpose or function.</p> <p>Makes links between the final outcome and initial decisions about:</p> <ul style="list-style-type: none"> • the needs of the outcome's end-user(s). • the tools and techniques used to develop the outcome • the stakeholder(s) to involve in the development process. 	<p>Explains the effect on the development process of decisions made about:</p> <ul style="list-style-type: none"> • the needs of the outcome's end-user(s). • the tools and techniques used to develop the outcome • the stakeholder(s) to involve in the development process. <p>Reflects on how consideration of TWO of the following factors affected the development process:</p> <ul style="list-style-type: none"> • accessibility • usability • aesthetics. <p>Explains how the development process was guided by:</p> <ul style="list-style-type: none"> • skills gained in the use of tools and techniques • understanding of the needs of the end-user(s) and stakeholder(s). 	<p>Explains the effect on the development process of decisions made about:</p> <ul style="list-style-type: none"> • the needs of the outcome's end-user(s). • the tools and techniques used to develop the outcome • the stakeholder(s) to involve in the development process. <p>Reflects on how consideration of TWO of the following factors affected the development process:</p> <ul style="list-style-type: none"> • accessibility • usability • aesthetics. <p>Explains how the development process was guided by:</p> <ul style="list-style-type: none"> • skills gained in the use of tools and techniques • understanding of the needs of the end-user(s) and stakeholder(s). 	<p>Evaluates the success of decisions made in the development process for the process itself AND the final outcome in terms of:</p> <ul style="list-style-type: none"> • the needs of the outcome's end-user(s). • the tools and techniques used to develop the outcome • the stakeholder(s) involved in the development process. <p>Evaluates the impact on the outcome of considerations about:</p> <ul style="list-style-type: none"> • accessibility • usability • aesthetics. <p>Evaluates the impact on the outcome of:</p> <ul style="list-style-type: none"> • skills gained in the use of tools and techniques • understanding of the needs of the end-user(s) and stakeholder(s). <p>Discusses what could have been done differently in the development process</p>	<p>Evaluates the success of decisions made in the development process for the process itself AND the final outcome in terms of:</p> <p>the needs of the outcome's end-user(s).</p> <ul style="list-style-type: none"> • the tools and techniques used to develop the outcome • the stakeholder(s) to involve in the development process. <p>Evaluates the impact on the outcome of considerations about:</p> <ul style="list-style-type: none"> • accessibility • usability • aesthetics. <p>Evaluates the impact on the outcome of:</p> <ul style="list-style-type: none"> • skills gained in the use of tools and techniques • understanding of the needs of the end-user(s) and stakeholder(s). <p>Discusses what could have been done differently in the development process</p>

		Some aspects of the response may be partial or weak.		Some aspects of the response may be partial or weak.		to improve the digital outcome. Some aspects of the response may be partial or weak.	to improve the digital outcome.
