Assessment Schedule – 2023

Digital Technologies and Hangarau Matihiko: Present a summary of developing a digital outcome (91899)

Assessment Criteria

Achievement	Achievement with Merit	Achievement with Excellence
*Presenting a **summary** of developing a digital outcome* involves: • describing the digital outcome that was developed • explaining the reasons for decisions made in the development process.	*Presenting an **in-depth summary** of developing a digital outcome* involves: • discussing how the digital outcome addressed relevant requirements and implications.	*Presenting **a comprehensive summary** of developing a digital outcome* involves: • evaluating the success of decisions made in the development process • reflecting on what could have been done differently to improve the digital outcome, based on insights gained in the development process.

Cut Scores

Not Achieved	Achievement	Achievement with Merit	Achievement with Excellence
0 – 2	3 – 4	5 – 6	7 – 8

Evidence

N1	N2	A3	A4	M5	M6	E7	E8
Makes relevant comments, but the response is incomplete or does not relate to a digital outcome.	Makes relevant comments in some parts of the response.	Describes the purpose of the digital outcome. Names the software used to create a digital component of the outcome. Explains how software was used to create the digital outcome.	Describes the purpose of the digital outcome. Names the software used to create a digital component of the outcome. Clearly explains how software was used to create the digital outcome.				
Makes relevant comments but the response is a design rather than a digital outcome.	The digital outcome is not at Level 7 of the New Zealand Curriculum.	Lists 3–5 key stages of the development process.	Lists 3–5 key stages of the development process.				
	The digital outcome has been mostly (if not completely) created using online tools that simplify the process by utilising templates and / or a drag and drop system, and all content is sourced from the internet.	Explains one or more decisions in the development process, with some details.	Clearly explains two or more decisions in the development process in detail, giving specific examples.			Evaluates how one or two decisions were actioned, how these decisions affected / impacted the outcome, and what the flow-on effect was.	Comprehensively evaluates how two or more decisions were actioned, how these decisions affected / impacted the outcome, and what the flow-on effect was. Gives specific examples.
				Discusses how one or two requirements were addressed in the digital outcome.	Clearly discusses how two requirements were addressed in the digital outcome, giving specific examples.		
	The digital outcome has copyright issues.	The digital outcome may have aspects with copyright issues.		Discusses how one or two implications based on intellectual property and end user feedback were addressed in the digital outcome.	Clearly discusses how intellectual property and end user feedback were addressed in the digital outcome. Gives specific examples.	Discusses what changes could be made in the development process to improve the digital outcome.	Comprehensively discusses what could have been done differently in the development process to improve the digital outcome. Gives specific examples.
		Some aspects of the response may be partial or weak.		Some aspects of the response may lack detail.			

N0 = No response; no relevant evidence.
