

National Certificate in Industrial Machine Knitting (Warp Preparation - Warp Knitting) (Level 2)

Level 2

Credits 57

Purpose

This qualification recognises the skills and knowledge required to be a competent operator of warping machines for warp knitting, able to operate warping equipment for warp preparation. It is for new trainees to the industry or current employees who have not had a formal structured qualification available to them.

The qualification is comprised of industry specific credits that recognise the necessary trade skills and knowledge, as well as complementary knowledge and skills in health and safety and workplace practice.

It can provide a useful foundation for people who wish to progress to one or more of the following: the National Certificate in Industrial Machine Knitting (Knitted Goods Production) (Level 3) [Ref: 0839]; the National Certificate in Industrial Machine Knitting (Service and Repair) (Level 3) [Ref: 0840]; or the National Diploma in Industrial Machine Knitting (Level 5) [Ref: 1552].

Credit Range

	Compulsory
Level 2 credits	37
Level 3 credits	20
Total	57

Requirements for Award of Qualification

Award of NQF Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided in section 7 of the New Zealand Qualifications Authority (NZQA) Rules and Procedures publications available at <http://www.nzqa.govt.nz/ncea/acrp/index.html>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.

Summary of Requirements

- Compulsory standards

Detailed Requirements

Compulsory

The following standards are required

Manufacturing > Industrial Machine Knitting > Knitting Industry Technology

ID	Title	Level	Credit
5011	Demonstrate knowledge of industrial machine knitting	3	6

Manufacturing > Industrial Machine Knitting > Warp Preparation - Warp Knitting

ID	Title	Level	Credit
4715	Operate warping machinery for warp knitting	2	16
4717	Carry out yarn length calculations for warp knitting	2	4
4718	Service warping machinery used in warp knitting	3	14

Manufacturing > Manufacturing Skills > Apparel and Textile Manufacturing - Workplace Skills

ID	Title	Level	Credit
17914	Demonstrate knowledge of workplace practice in the apparel or textile industry	2	5
17915	Demonstrate knowledge of safe working practices in the apparel or textile industry	2	6

Manufacturing > Textiles Manufacture > Core Yarn Processing

ID	Title	Level	Credit
19841	Demonstrate elementary knowledge of the operations, processes and products of textile manufacturing	2	6

Transition Arrangements

Version 4

Version 4 was issued following a review of the Industrial Machine Knitting qualifications.

Changes to structure and content

- Generic standards 543, 497, 1277, and 9677 were removed from the qualification and substituted with the industry specific standards 17914 and 17915.
- Standard 19841 was added to the qualification.
- The credit total for the qualification has increased from 52 credits to 57 credits.

For detailed information see Review Summaries on the NZQA website.

People currently enrolled in programmes leading to the award of earlier versions of this qualification may either complete those versions or transfer to this version.

Previous versions of the qualification

Version 3 was issued following a revision to update details of reviewed standards and the credit total increased from 50 to 52.

Version 2 was issued to take account of the review of the industrial machine knitting, communication skills, and core generic standards.

NQF Registration Information

Process	Version	Date	Last Date for Assessment
Registration	1	March 1996	December 2011
Review	2	February 1999	December 2011
Revision	3	April 2008	December 2011
Review	4	May 2010	N/A

Planned Review

Any person or organisation may contribute to the review of this qualification by sending feedback to the standard setting body at the above address.

Next Review	2015
-------------	------

Certification

The certificate will display the logos of NZQA, Competenz and the accredited organisation.

Classification

This qualification is classified according to the NQF classification system and the New Zealand Standard Classification of Education (NZSCED) system as specified below.

NQF Classification		NZSCED	
Code	Description	Code	Description
277	Manufacturing > Industrial Machine Knitting	030105	Engineering and Related Technologies > Manufacturing, Engineering and Technology > Textile Making

Quality Management Systems

Providers and Industry Training Organisations must be accredited by a recognised Quality Assurance Body before they can register credits from assessment against standards. Accredited providers and Industry Training Organisations assessing against standards must engage with the moderation system that applies to those standards. Accreditation requirements and the moderation system are outlined in the associated Accreditation and Moderation Action Plan (AMAP) for each standard.
