National Certificate in Aquaculture (Level 4)

Level 4

Credits 40

Purpose

This qualification is designed to recognise the skills and knowledge of employees or potential employees in the aquaculture industry.

The Compulsory section includes standards which cover presenting an overview of the New Zealand and global aquaculture industry and explaining the management of environmental best practice in the aquaculture industry.

The Elective section allows candidates to choose relevant standards from the Aquaculture and Aquaculture Diving domains.

This qualification builds on the skills and knowledge covered in the National Certificate in Aquaculture (Level 3) [Ref: 1620].

Credit Range

	Compulsory	Elective
Level 4 or above credits	25	15
Minimum total	40	

Requirements for Award of Qualification

Award of NZQF National Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided on the New Zealand Qualifications Authority (NZQA) website: <http://www.nzqa.govt.nz/qualifications-standards/standards/standards-exclusion-list/>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.
