Hua o te ako me Paearu aromatawai | Learning outcomes and assessment criteria

Hua o te ako Learning outcomes	Paearu aromatawai Assessment criteria
1. Incorporate other parties into a BCATS project schedule.	a. Other parties relevant to the project are identified from project documentation.
	b. Contributions of other parties to the project are outlined to identify the impact on the production and/or construction process.
	c. Requirements and limitations of other parties are incorporated in the project schedule appropriately.
	d. Other parties relevant to the work programme are communicated with to confirm responsibilities.

Pārongo aromatawai me te taumata paearu | Assessment information and grade criteria

Assessment specifications:

Projects at this level should reflect a focus on industry entry-level skills and complexity, using a wide range of techniques and strategies, materials, and equipment.

Candidates may complete the assessment requirements individually or as a group member working on a larger project. If participating in a group, candidates must demonstrate skill for all assessment criteria to be deemed competent.

Evidence must include a range of BCATS trades other than those of focus for the candidate. They may include others in the project team, other trades, suppliers, health and safety supervisor, or project supervisors.

Construction processes are those that occur onsite.

Production processes are those that occur within a factory or workshop setting.

Suppliers refers to those that provide materials, skills, labour, components.

Trades and *'other parties'* refer to the range of trades associated with BCATS industries.

Ngā momo whiwhinga | Grades available

Achieved / Merit / Excellence.

Paetae Achieved	Kaiaka Merit	Kairangi Excellence
Incorporate other parties into a BCATS project schedule.	Efficiently incorporate other parties into a BCATS project schedule.	Effectively incorporate other parties into a BCATS project schedule.

Kaiaka/Merit: Efficiently refers to incorporating clearly outlined roles and responsibilities and sequencing of other parties into a project schedule, enabling tasks to be completed on time.

Kairangi/Excellence: Effectively refers to the optimisation of the interdependencies between tasks and parties, and proactive communication to ensure smooth co-ordination of the project schedule.

Ihirangi waitohu | Indicative content
