### Pārongo aromatawai me te taumata paearu | Assessment information and grade criteria

### Assessment specifications:

All activities and evidence must be in accordance with organisational requirements. Simulated examples are permitted.

Any use of digital tools or artificial intelligence will need to be used in accordance with relevant organisational and industry codes of conduct and practice.

#### Definitions:

Agencies refer to a government, non-government or private organisation, company, association, or group with information about an intelligence requirement. Engagement with an agency may be open or controlled via specific liaison contacts.

*Intelligence* refers to the functions, activities, people or organisations that are involved in the process of planning, gathering and analysing information that leads to the production of intelligence products, which are of potential value to decision makers.
