

FIELD MĀORI**Review of *Hauora* qualifications**

National Certificate in Hauora (Māori Community Health) (Level 4) [Ref: 0710]

National Diploma in Hauora (Māori Community Health) (Level 5) [Ref: 0711]

The Māori Qualification Services and the Whakaruruhau Hauora have reviewed the above qualifications and updated them to incorporate amendments resulting from unit standard reviews and to meet the requirements identified by the industry. The qualifications were registered in December 1999.

Date new versions published

April 2004

Main changes resulting from the review

The structure and credit value of both qualifications has changed. The results of the review of unit standards in the subfield Hauora, completed in December 2002, have been incorporated. The Hauora industry has provided valuable input to the content of the qualifications to improve their relevance to the industry. Unit standards with a report writing and administrative focus have been included in both qualifications. Treaty of Waitangi unit standards that are more relevant to the Hauora industry have been added to the National Certificate in Hauora (Māori Health) (Level 4) [Ref: 0710].

National Certificate in Hauora (Māori Community Health) (Level 4) [Ref: 0710]

National Certificate in Hauora (Māori Health) (Level 4) [Ref: 0710]

Changes to structure and content

- The title of the qualification has changed to refer to Māori Health, rather than Māori Community Health, and the level has been added.
- The purpose statement has been updated to reflect industry requirements.
- Unit standards 3491, 16050, and 16069 have been added to the compulsory section; unit standards 7949, 7926, 7927 and 15312 have been removed; and the credit requirement has increased from 67 to 70.
- The Humanities field has been added to the elective section, and the credit requirement has increased from 15 to 20.
- Total credits required for the qualification have increased from 82 to 90.

National Diploma in Hauora (Māori Community Health) (Level 5) [Ref: 0711]

National Diploma in Hauora (Māori Health) (Level 5) [Ref: 0711]

Changes to structure and content

- The title of the qualification has changed to refer to Māori Health, rather than Māori Community Health, and the level has been added.
- The purpose statement has been updated to reflect industry requirements.
- Unit standards 9685, 18562 and 18564 have been added to the compulsory section; unit standards 18413 and 18414 have replaced 15318, 15319, 15320 and 15321; and the credit requirement has increased from 141 to 157.
- Electives 1 and 2 have been incorporated into one elective; the Humanities field has been added; and the credit requirement has decreased from 45 to 15.
- The total credits for the qualification have decreased from 186 to 172.

Transition

This qualification contains standards that replace earlier standards. For the purposes of this qualification people who have gained credit for the previously included standards are exempt from the requirement to gain credit for the exempt from standards.

| Credit for | Exempt from |
|-----------------|-------------|
| 15318 and 15319 | 18413 |
| 15320 and 15321 | 18414 |

General Transition

People currently working towards version 1 of the qualifications may complete those versions. The last date for award of version 1 of both qualifications is 31 December 2006.

It is the intention of the Māori Qualifications Services (MQS) that no person should be disadvantaged by these changes. Any person who believes they have been disadvantaged should contact MQS at:
