The unit standards in **bold** have also been revised.

The Apparel and Textile Industry Training Organisation has decided that the unit standards listed above, which were registered in January 1995, April 1995, June 1995, October 1995, May 1996, November 1996, February 1997 and May 1999 should have their period of registration extended.

The reason for the rollover is to maintain the currency of the unit standards until they have been reviewed.

The opportunity of the rollover was taken to revise a number of the unit standards to correct references to legislation and prerequisite unit standard titles, and amend minor typographical and formatting errors.

The review of these unit standards is planned to take place during 2005.
