FIELD ENGINEERING AND TECHNOLOGY

Revision of *Electricity Supply* qualification

National Certificate in Electricity Supply (Field Switcher) (Level 4) [Ref: 1117]

The Electricity Supply Industry Training Organisation has revised the qualification listed above that was registered in September 2004.

Date new version published **December 2004**

The review of this qualification is planned to take place in **December 2008**

Reason for the revision

The number of level 4 credits was not correctly reflected in the 'Credits' or 'Credit Range' sections of version one of this qualification.

This revision was undertaken to ensure that the correct number of level 4 credits within the qualification is shown.

Main changes resulting from the revision

Changes to structure and content

- Level 4 credits corrected from 42 to 32 in the 'Credit Range' section
- Total credits for the qualification corrected from 84 to 74.

Transition Arrangements

There are no transition implications as a result of this revision.
