NZQA's National Qualifications Services has decided that the unit standards listed above, which were registered in March 1998, should have their period of registration extended.

The reason for the rollover is to maintain the currency of the unit standards until they have been reviewed. This review is planned to take place during 2004–5, ideally to accompany the development of unit standards for adult literacy.

The opportunity of the rollover was taken to amend the moderation option to reflect the changed arrangements within NZQA. There is no change to the moderation system itself.
