

**FIELD                    ENGINEERING AND TECHNOLOGY****Revision of *Engineering and Technology* qualification****National Certificate in Engineering and Technology (for the Design and Construction Sector) [Ref: 0672]**

InfraTrain New Zealand Limited has revised the above qualification that was registered in October 1999.

**Date new version published**

**July 2004**

**The review of this qualification is planned to take place in 2009**

**Reason for the revision**

To take account of *Design*, *Mathematics*, and *Computing* unit standard reviews.

Responsibility for the qualification has been transferred from the Design and Construction Consultants Industry Training Organisation to InfraTrain New Zealand Limited.

**Main changes resulting from the revision**

Unit standards that have expired have been replaced, appropriate changes have been made to reviewed unit standards, and unit standard 7510 has been removed from the qualification.

**National Certificate in Engineering and Technology (for the Design and Construction Sector) (Level 4) [Ref: 0672]**

Changes to structure and content

- *Design* unit standards 7482 and 7483 replaced by unit standard 19355
- *Design* unit standard 7511 replaced by unit standards 18995 and 18996
- Expired *Design* unit standard 7510 removed from qualification
- Level of *Mathematics* unit standards 5260 and 5261 decreased from 3 to 2
- Titles of *Computing* unit standards updated
- Level added to title of qualification.

For the purposes of this qualification people who have gained credit for the expiring standards are exempt from the requirement to gain credit for the replacement standards.

<b>Expiring Standards</b>	<b>Replacement Standards</b>
7482 and 7483	19355
7511	18995 and 18996
