

**FIELD SERVICE SECTOR****Roll over and Revision of *Maritime* unit standards**

<b>Subfield</b>	<b>Domain</b>	<b>Id</b>
Maritime	Maritime Engineering	4104, 4108
	Maritime Management	4160, 9468
	Navigation and Seamanship	4119, 4120, 4122, 4128, 4152, 8127, 8129
	Sea Survival and Sea Safety	4130, 4132-4134, 4138, 4143, 6912, 6913

Competenz has decided that the unit standards listed above, which were registered in May 1995, April 1996, August 1996, and January 1997, should have their period of registration extended.

The review of these unit standards is planned to take place during 2006.

**Date new versions published** **September 2004**

**New comments by date** **December 2005**

**Expiry date of new versions of the unit standards** **December 2006**

The reason for the rollover is that the unit standards have not been used sufficiently to warrant a review at this stage.

The opportunity was taken to bring the standards up to date with recent changes in legislation, codes of practice, and nomenclature.

Industry consultation is taking place to determine if usage of the unit standards can be increased, and this will contribute to the review of these unit standards in 2006.

The following unit standard titles have been changed to align terminology with similar unit standards.

**Summary of main changes to standards' titles**

Subfield Maritime

<b>Id</b>	<b>Domain</b>	<b>Title</b>	<b>Level</b>	<b>Credit</b>
4122	Navigation and Seamanship	Prepare ship's deck equipment for passage and arrival in port <b>Prepare vessel's deck equipment for passage and arrival in port</b>	3	2

<b>Id</b>	<b>Domain</b>	<b>Title</b>	<b>Level</b>	<b>Credit</b>
