

FIELD PLANNING AND CONSTRUCTION**Revision of *Plumbing, Gasfitting and Drainlaying* qualifications****National Certificate in Drainlaying [Ref: 0077]****National Certificate in Gasfitting [Ref: 0201]****National Certificate in Plumbing [Ref: 0202]**

The Master Plumbers, Gasfitters and Drainlayers NZ Inc. Industry Training Organisation has revised the qualifications listed above that were registered in July 1995 and September 1996.

Date new versions published**April 2005****The review of these qualifications is planned to take place in 2005****Reason for the revision**

New versions of the qualifications were issued in order to make changes to the purpose statements, as the requirements for registration with the Plumbing, Gasfitters and Drainlayers Board (PGDB) were incorrectly stated.

The National Certificate in Plumbing and the National Certificate in Gasfitting also required a change to their requirements, as unit standards 2141 and 2117 are not required by industry.

Main changes resulting from the revision**National Certificate in Drainlaying [Ref: 0077]**

- Purpose statement changed as the requirements for registration as a drainlayer were incorrectly stated.
- The qualification document format was updated.
- Qualification issued as version 5.

National Certificate in Gasfitting [Ref: 0201]

- Purpose statement changed as the requirements for registration as a gasfitter were incorrectly stated.
- Unit 2117, *Install and maintain water supply backflow protection systems*, removed from the requirements, as this unit standard is not required by industry.
- Expired Transition Action Plan (TAP) removed.
- The qualification document format was updated.
- Qualification issued as version 3.

National Certificate in Plumbing [Ref: 0202]

- Purpose statement changed as the requirements for registration as a plumber were incorrectly stated.
- Unit 2141, *Join lead sheet and tube by wiping*, removed from the requirements, as this unit standard is no longer required by industry.
- Expired Transition Action Plan (TAP) removed.
- The qualification document format was updated.
- Qualification issued as version 3.

Transition

There are no transition implications as a result of this revision.
