Rollover and Revision of *Poultry Husbandry* unit standards

Subfield	Domain	Id
Poultry Production	Poultry Husbandry	17997-18020

The Agriculture Industry Training Organisation has decided that the unit standards listed above, which were registered in December 1999, should have their period of registration extended.

The reason for the rollover is that the unit standards have not been used sufficiently to warrant a review at this stage.

The review of these unit standards is planned to take place during 2006.

The unit standards have been revised to reflect current legislation and to accommodate some minor formatting and grammatical editing.
