The Public Sector Training Organisation has completed the review of the unit standard listed above that was registered in December 1996.

**Date published** February 2005

**Comments by date of new unit standards** February 2009

**Expiry date of new unit standards** December 2010

**Summary of review and consultation process**

In developing the new National Certificate in Public Sector Services (Field/Community Advisors) [Ref: 1106], the need for an underpinning unit standard to 8478 was identified. Feedback revealed that unit standard 8478 did not meet the needs of users in its current format because it contained elements that were only performed at managerial level.

As a result unit standard 8478 was replaced by two new unit standards, Unit 21061, *Administer government grants through a public sector organisation* and Unit 21441, *Develop processes to administer a government grant through a public sector organisation*. Both unit standards were developed through the same consultation process as was used for the National Certificate in Public Sector Services (Field/Community Advisors) [Ref: 1106].

**Main changes resulting from the review**

Unit standard 8478 was split into two unit standards, one specifically about developing processes to administer government grants through a public sector organisation (unit standard 21441), and the other about administering government grants through a public sector organisation (unit standard 21061).

**Unit standard 8478, categorised as category C, expires at the end of December 2006.**

**Impact on existing provider accreditations**

None.

**Impact on Accreditation and Moderation Action Plan (AMAP)**

AMAP 0121 has been updated to reflect the replacements.

**Impact on existing qualifications**

None.
