

- exclusion of perishable products not intended for human consumption, such as flowers;
- registration of new unit standard 21860 covering overseas market access requirements (OMAR), and new unit standard 21861 covering transportation of perishable products.

Specific changes to individual unit standards include:

- two elements deleted from unit standard 19878, and the credits reduced by one;
- change to title and content of unit standard 19879 to expand the skill and knowledge required from perishable produce to perishable products;
- one element deleted from unit standard 19879 and content expanded to include the principles of heat transfer and refrigeration systems;
- one element deleted from unit standard 19880 and the credits reduced by one;
- the content has been extended in unit standard 19881, and the level and credits each increased by one;
- change to title and content of unit standard 19882 to expand the focus from perishable produce to perishable products;
- level of unit standard 19882 reduced from Level 4 to Level 3 to reflect more accurately the requirements of the unit standard.

Unit standard 1765 categorised as category D expires at the end of December 2007.

Impact on existing provider accreditations

None.

Impact on Accreditation and Moderation Action Plan (AMAP)

None.

Impact on existing qualifications

Qualifications that contain the reviewed standards or classifications are tabled below.

Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
Not materially affected	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

The following New Zealand Road Transport and Logistics ITO qualification is affected by the outcome of this review and is currently under review.

Qualification title	Classification or standard in the qualification
National Certificate in Commercial Road Transport (Goods Service) with strands in Heavy Rigid Vehicle Driver, and Heavy Combination Vehicle Driver, and optional strands in Dairy Industry Transport, Log Transport, Overdimension and Overweight Load Transport, Bulk Flammable Liquids Transport, Bulk Gases Transport, Bulk Liquefied Petroleum Gas Transport, and Civil Construction Transport [Ref: 0680]	1765

Summary of main changes to standards' Ids, classification, titles, levels, and credits

The following summary shows the changes made to the standards as a result of the review. All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same Id and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same Id and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new Id
D	Standard will expire and not be replaced

Subfield Commercial Road Transport
