

- Titles amended to better convey the performance expectation of the unit standards, with element titles similarly altered in many instances to ensure parity with the unit title
- The addition of an opening element in the practical unit standards covering safe working practices
- Sundry editorial changes to performance criteria
- Amendments to level and/or credits to better reflect the level of judgement required by the candidate, extent of supervision, and overall learning demand.

Impact on existing provider accreditations

| Current Accreditation for | | | Accreditation extended to | | |
|---------------------------|--------------------------------------|-------|---------------------------|----------------------|-------|
| Nature of accreditation | Classification or Id | Level | Nature of accreditation | Classification or Id | Level |
| Subfield | Food and Related Products Processing | 2 | Standard | 16639 | 3 |

Impact on existing qualifications

None.

Summary of main changes to unit standards' ids, classification, titles, levels, and credits

The following summary shows the changes made to unit standards as a result of the review. All changes are in **bold**.

| | |
|------------------------|---|
| Key to review category | |
| A | Dates changed, but no other changes are made - the replacement unit standard carries the same id and a new version number |
| B | Changes made, but the overall outcome remains the same - the replacement unit standard carries the same id and a new version number |
| C | Major changes that necessitate the registration of a replacement unit standard with a new id |
| D | Unit standard will expire and not be replaced |

Domain Food Production – Beverages

| Id | Title | Level | Credit | Review Category |
|------|---|-------|----------------|-----------------|
| 7695 | Filter beverage and related products using automated production Filter beverage or related products using automated equipment | 3 | 5 12 | B |
