Impact on Accreditation and Moderation Action Plan (AMAP)

AMAP 0048 has been updated to reflect the changes made to the standards.

Impact on existing qualifications

Qualifications that contain the reviewed standards or classifications are tabled below.

Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
Not materially affected	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

In the following table qualifications that contain unit standards and classifications in both categories are identified in the *Affected* table, with the items that generated the *Affected* status in **bold**.

The following Building and Construction Industry Training Organisation qualifications are affected by the outcome of this review and are currently being reviewed or revised to take account of the changes.

Qualification title	Standard in the qualification
National Certificate in Fibre Cement Linings with strands in Fixing and Finishing [Ref: 0272]	6070, 6072, 6074, 6076, 6077, 6078

Transition

Candidates with credit for unit standard 6070 will be exempt from the requirement for the replacement unit standard 22157.

Summary of main changes to standards' Ids, classification, titles, levels, and credits

The following summary shows the changes made to the standards as a result of the review. All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same Id and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same Id and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new Id
D	Standard will expire and not be replaced

Subfield Construction Trades
 Domain Fibre Cement Linings

Id	Title	Level	Credit	Review Category
6068	Identify and describe the manufacture of fibre cement sheets and identify accessories	2	2	B
6069	Identify and order stopping compounds for fibre cement sheets	3	6	B
6070 22157	Check framing and substrate, setout, and prepare an order for fibre cement sheets for construction Interpret plans and specifications, calculate quantities and prepare to install fibre cement linings	3 3	6 8	C
6071	Fix fibre cement sheets to interior surfaces	2	4	B
6072	Fix fibre cement sheets to interior surfaces on site Demonstrate knowledge of and fix fibre cement sheets to interior surfaces on site	4	18 20	B
6073	Fix fibre cement sheets to interior and exterior ceilings	2	4	B
6074	Fix fibre cement sheets to interior and exterior ceilings on site Demonstrate knowledge of and fix fibre cement sheets to interior and exterior ceilings on site	4	12 14	B
6075	Finish fibre cement areas	3	8	B
6076	Finish fibre cement areas on site Demonstrate knowledge of and finish fibre cement areas on site	4	35	B
6077	Finish architecturally detailed fibre cement areas on site Demonstrate knowledge of and finish architecturally detailed fibre cement areas on site	4	16 18	B
6078	Construct architectural details in fibre cement sheets on site Demonstrate knowledge of and construct architectural details in fibre cement sheets on site	4	10 12	B
