

- In single element unit standards the element and purpose statement now reflect the title of the unit standard.
- Additions and modifications to performance criteria and range statements ensure the content of unit standards is clear, reflects current best practice, and outlines the evidence required to establish competence.

### Impact on existing provider accreditations

None.

### Impact on existing qualifications

None.

### Summary of main changes to standards' Ids, classification, titles, levels, and credits

The following summary shows the changes made to the standards as a result of the review. All changes are in **bold**.

#### Key to review category

- A** Dates changed, but no other changes are made - the replacement standard carries the same Id and a new version number
- B** Changes made, but the overall outcome remains the same - the replacement standard carries the same Id and a new version number
- C** Major changes that necessitate the registration of a replacement standard with a new Id
- D** Standard will expire and not be replaced
