FIELD SERVICE SECTOR

Revision and Rollover of *Driver Licence Endorsements* unit standard 18496

Subfield	Domain	Id
Driving	Driver Licence Endorsements	18496

The NZ Road Transport and Logistics Industry Training Organisation has decided that the unit standard listed above, which was registered in July 2001 should be updated and have its period of registration extended.

The reason for the rollover is that the Department of Labour has not yet completed the restructuring of the forklift instructor and operator training and registration. This is expected to conclude in 2006. The opportunity was taken to make minor changes to the accreditation option and to special notes.

The review of this unit standard is planned to take place during 2007, following this restructure.
