

**FIELD            Agriculture, Forestry and Fisheries****Reclassification, revision, and rollover of unit standard 6933**

<b>Subfield</b>	<b>Domain</b>	<b>Id</b>
Forestry	Forest Harvesting – General	6933

Forest Industries Training and Education Council (FITEC) has revised the unit standard listed above.

**Date new versions published**

**July 2006**

**Planned review date**

**December 2011**

**Reason for the revision**

The unit standard was revised to rectify an error in the entry information that was making it difficult for some candidates to attain the unit. Version 3 of 6933 specified 6932, *Load a logging truck*, as the only possible prerequisite.

6933 is intended for candidates that use a loader to *either* fleet, sort, and stack logs *or* to load a logging truck, and as such both 6932 and 6931, *Fleet, sort and stack logs* should be available as prerequisite alternatives in the entry information.

The opportunity was also taken to update references; to make minor changes to elements and performance criteria to remove any potential ambiguities; to reclassify the standard in a different domain; and to roll it over in order to extend the next planned review date to December 2011.

**Main changes resulting from the revision**

- The entry requirements have been changed to indicate that trainees require *either* Unit 6932, *Load a logging truck*, *or* Unit 6931, *Fleet, sort and stack logs*, as a prerequisite for assessment.
- The unit standard has been reclassified from the expiring *Forest Harvesting – General* domain to the new *Forest Harvesting Operations* domain.
- Reference material mentioned within the unit standard has been updated.

**Impact on existing provider accreditations**

<b>Current Accreditation for</b>			<b>Accreditation extended to</b>		
Nature of accreditation	Classification	Level	Nature of accreditation	Classification	Level
Domain	Forest Harvesting – General	4	Domain	Forest Harvesting Operations	4

## Impact on existing qualifications

Qualifications that contain the revised standards or classifications are tabled below.

<b>Affected</b>	The qualification lists a revised classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits
<b>Not materially affected</b>	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

The following FITEC qualification is not materially affected by the changes. It will be updated when it is next reviewed.

Qualification title	Standard in the qualification
National Certificate in Forestry (Log Loading) [Ref: 0831]	6933

## Summary of main changes

All changes are in **bold**.
