FIELD COMMUNITY AND SOCIAL SERVICES

Review of *Outdoor Equipment* unit standard 4573

Subfield	Domain	Id
Outdoor Recreation	Outdoor Equipment	4573

The Sport, Fitness and Recreation Industry Training Organisation Limited (Sfrito) has completed the review of the unit standard above.

Date new version published **July 2006**

Planned review date **December 2010**

Summary of review and consultation process

This review was initiated in 2005 after it was noticed that legislation referred to in the special notes was no longer current, and assessors had reported a lack of clarity in the wording of the standard.

Consultation has taken place with assessors in the snowsport industry, outdoor recreation providers, the Fire and Rescue Services Industry Training Organisation, and the Public Sector Training Organisation (including contribution from the Department of Conservation).

Main changes resulting from the review

The changes resulting from the review include

- The deletion of outdated legislation from special note 2, and the addition of current applicable legislation
- Clarification of language
- The removal of requirements that were not necessary parts of assessment ie communicating with base and field sets, and the detail required to be communicated.

Impact on accreditation and on qualifications

There is no impact on existing provider accreditations or qualifications as a result of this review.
