**FIELD AGRICULTURE, FORESTRY AND FISHERIES**

**Revision of *Agriculture* qualification**

**National Certificate in Agriculture (Level 3) with strands in Arable Farming, Cattle Farming, Dairy Farming, Deer Farming, and Sheep Farming [Ref: 0985]**

The Agriculture Industry Training Organisation has revised the qualification above.

**Date new version published June 2006**

The next qualification review is planned to take place during 2007.

**Reason for the revision**

The qualification has been issued as version 3 in order to amend the transition. The exemption table has been amended, as an exemption for unit standard 21559 was included in version 2 in error (unit standard 21559 is not in the qualification). A last date for award of version 1 has also been included.

**Transition**

People currently working towards version 1 of this qualification may either complete the requirements of that version, or transfer their results to version 2 or 3.

The last date for award of version 1 is 31 December 2008.
