FIELD MANUFACTURING

Revision and Rollover of *Printing Production* unit standard 20057

Subfield	Domain	Id
Printing	Printing Production	20057

PrintNZ Training has revised the unit standard above. The opportunity was also taken to rollover the unit standard to maintain its currency until a full review can be carried out.

Date new version published **April 2006**

Planned review date **December 2009**

Reason for the revision

Unit standard 20057 was revised following unit standard reviews for the different sectors in the printing industry. Changes were made to ensure it satisfied the requirements of all sectors of the industry. This would eliminate the need to develop further similar unit standards for separate sectors of the industry.

Main changes resulting from the revision

Changes were made to some performance criteria and range statements to ensure that the requirements of all printing sectors were met.

The changes made were of a general nature and did not impact on assessment requirements.

Impact on existing qualifications

None.
