FIELD ENGINEERING AND TECHNOLOGY

Revision and Rollover of *Electricity Supply* unit standards 14333 and 14335

Subfield	Domain	Id
Electricity Supply	Electricity Supply – Power System Maintenance	14333, 14335

The Electricity Supply Industry Training Organisation has rolled over and revised the unit standards listed above.

Date new versions published **December 2007**

Planned review date **December 2008**

Reason for the revision

These unit standards were rolled over to maintain their currency, and extend their range. They were also been revised to reflect current guidelines and regulations.

Main changes resulting from the revision

- Special Notes updated to reflect current guidelines and legislation.
- Planned review date has been rolled over until December 2008.
- Range extended to include surge arrestors (14335), and station oil services (14333).

Impact on existing provider accreditations

None.

Impact on existing qualifications

None.
