

FIELD ENGINEERING AND TECHNOLOGY**Revision of *Bitumen Surfacing* unit standard 20456**

| Subfield | Domain | Id |
|--------------------|-------------------|-----------|
| Pavement Surfacing | Bitumen Surfacing | 20456 |

InfraTrain New Zealand has revised the unit standard listed above, which was registered in October 2005.

The review of this unit standard is planned to take place during 2010.

Date new versions published

January 2007

Planned review date

October 2009 (no change)

Reason for the revision

The entry information of this unit standard was revised to remove unnecessary assessment for those candidates who have already completed similar requirements at a higher level.

Main changes resulting from the revision

- Unit 20449, *Demonstrate knowledge of the dangers of handling bituminous materials and the need for safety* has been added as an alternative prerequisite.

Impact on existing provider accreditations

None.

Impact on Accreditation and Moderation Action Plan (AMAP)

None.

Impact on existing qualifications

None.
