

FIELD PLANNING AND CONSTRUCTION**Review of *Elementary Construction Skills* unit standard 22145**

Subfield	Domain	Id
Construction Trades	Elementary Construction Skills	22145

The Building and Construction Industry Training Organisation has completed the review of the unit standard above.

Date new version published **July 2007**

Planned review date **December 2010**

Summary of review and consultation process

This unit standard was registered in the expiring Elementary Construction Skills domain. It was not intended that it be included in the Building, Construction and Allied Trades Skills qualification and domain, which replaced Elementary Construction Skills, but will be included in several other qualifications administered by the Building and Construction Industry Training Organisation. Therefore it was considered appropriate to review the unit standard and register it within the Core Construction domain.

Main changes resulting from the review

- The domain name under which the unit standard is registered has changed to Core Construction.

Impact on existing provider accreditations

Current Accreditation for			Accreditation extended to		
Nature of accreditation	Classification or Id	Level	Nature of accreditation	Classification or Id	Level
Domain	Elementary Construction Skills	2	Standard	22145	2

Impact on Accreditation and Moderation Action Plan (AMAP)
