

Main changes resulting from the review

- Standards 4200-4203 have been designated expiring because they are large, difficult to assess, and no longer fit for purpose.
- A series of new standards (23223-23227) have been registered that together with previously registered standards (20855-20860) replaced standards 4200-4203.
- Four new standards have been developed 23229-23232.

Unit standards categorised as category C expire at the end of December 2010.
