The National Qualifications Services (NQS) of NZQA has rolled over and revised the unit standards listed above.

Date new versions published

June 2007

Planned review date

December 2008

Reason for the revision

Framework Registration notified NQS that the accreditation options on these unit standards did not match the options listed on the relevant AMAP 0151. This rollover and revision has been made to amend the accreditation option to match the appropriate options in the AMAP to eliminate confusion. At the same time, the opportunity was taken to extend the period of registration for the two unit standards until they are reviewed.

Main changes resulting from the revision

- Accreditation option for unit standard 9996 now reads: Evaluation of documentation and visit by NZQA and industry.
- Accreditation option for unit standard 10010 now reads: Evaluation of documentation and visit by NZQA and industry and teaching professional in the same field from another provider.
