Reason for the revision

It had come to the attention of industry that the prerequisite standard for many of the Museum Services standards had become a barrier to candidates entering the National Certificate in Museum Practice (Level 4) [Ref: 1221]. However, industry considered that the standard was still required as a compulsory standard in that qualification.

It was decided to remove the prerequisite from entry requirements, as it was no longer reflecting the needs of industry.

Main changes resulting from the revision

The prerequisite requirement for Unit 20545, *Demonstrate knowledge of Māori in museums* has been removed from all revised standards.

Unit standards 20541, 20543 and 20549 were further amended to list Unit 20545, *Demonstrate knowledge of Māori in museums* as 'recommended' under Entry Information.
