

FIELD ENGINEERING AND TECHNOLOGY**Review of *Electricity Supply – Power System Management* unit standards**

Subfield	Domain	Id
Electricity Supply	Electricity Supply – Power System Management	15571, 15573, 15574

The Electricity Supply Industry Training Organisation has completed the review of the unit standards listed above.

Date new versions published

April 2008

Planned review date

December 2012

Summary of review and consultation process

These unit standards were reviewed to reflect changes in the electricity market. Industry experts were contacted in order to undertake this review and changes were made in line with their feedback. Although none of the standards were included in a qualification they were undertaken by those in the trading sector of the industry.

Main changes resulting from the review

- Titles of all three unit standards were changed.
- Standards were updated to include reference to the Electricity Governance Rules 2003 and the Electricity Governance Regulations 2003.
- Unit standard 15574 was updated to show that the Electricity Commission currently oversaw the New Zealand Electricity Market.
- Some range statements were expanded to include additional items.

Impact on existing provider accreditations

None.

Impact on existing qualifications

None.

Review Categories and changes to classification, title, level, and credits

All changes are in **bold**.

Key to review category

- | | |
|----------|---------------------------------------------------------------------------------------------------------------------------------------|
| A | Dates changed, but no other changes are made - the new version of the standard carries the same Id and a new version number |
| B | Changes made, but the overall outcome remains the same - the new version of the standard carries the same Id and a new version number |
| C | Major changes that necessitate the registration of a replacement standard with a new Id |
| D | Standard will expire and not be replaced |
