

FIELD HEALTH

Revision of *Occupational Health and Safety* qualifications

National Certificate in Occupational Health and Safety (Workplace Safety) (Level 3)
[Ref: 0801]

National Certificate in Occupational Health and Safety (Workplace Safety) (Level 1)
[Ref: 1111]

The New Zealand Industry Training Organisation has revised the qualifications listed above.

Date new versions published

April 2008

The next qualification review is planned to take place during 2010.

Reason for the revision

The qualifications have been revised to incorporate the changes made to standard 497 (credit increase from 1 to 3). And also to allow the inclusion of domain Sea Safety and Sea Rescue in Elective B of the National Certificate in Occupational Health and Safety (Level 3) [Ref. 0801].

Main changes resulting from the revision

National Certificate in Occupational Health and Safety (Workplace Safety) (Level 1)
[Ref: 1111]

Changes to structure and content

- Standard 497 has been updated to reflect the review.

National Certificate in Occupational Health and Safety (Workplace Safety) (Level 3)
[Ref: 0801]

Changes to structure and content

- Standard 497 has been updated to reflect the review.
- Addition of domain Sea Survival and Sea Safety to Elective B.
- Overall credit total has increased from 50 to 52.

Transition

People currently working towards the previous version of these qualifications may either complete the requirements for that version or transfer their results to the latest versions of the qualifications. The last date for assessment of the previous version of each of the qualifications is 31 December 2009.

People who feel disadvantaged by the transition process should contact the New Zealand Industry Training Organisation.
