

FIELD SERVICE SECTOR**Revision of *Resource Recovery Operations* unit standard 22617**

Subfield	Domain	Id
Resource Recovery	Resource Recovery Operations	22617

The NZ Extractive Industries Training Organisation has revised the unit standard listed above.

Date new version published

August 2008

Planned review date

December 2012

Reason for the revision

This review was required to replace an expiring prerequisite unit standard.

Main changes resulting from the revision

- Unit 17226, *Identify and isolate hazardous materials from waste deposited at a transfer station* has been replaced as a prerequisite by Unit 23334, *Define and identify hazardous and special wastes and explain safe handling procedures*.
- Punctuation corrected in special notes.

Impact on existing qualifications

None.
