

<b>FIELD</b>	<b>SERVICE SECTOR</b>
--------------	-----------------------

**Revision of *Road Transport Management* qualifications****National Certificate in Road Transport Management (Operations) [Ref: 1209]****National Diploma in Road Transport Management [Ref: 0961]**

Tranzqual ITO has revised the qualifications listed above.

**Date new versions published****December 2008**

The next qualification review is planned to take place during 2010.

**Reason for the revision**

These qualifications have been updated to take account of unit standard reviews: the National Certificate has been updated to take account of expiring unit standards 1770-1775; the National Diploma has been updated to take account of the review and reclassification of *Business* unit standards, and expiring unit standards 1770-1775. (See November 2008 [review report](#) for *Commercial Road Transport Skills* unit standards 1770-1775.)

Due to limited uptake since first registration, Tranzqual plans a full review of the National Diploma in Road Transport Management in 2010. This will allow further usage of the qualification by its main provider, and provides the opportunity to combine the review with the review of the National Certificate in Road Transport Management (Operations). The extension of the planned review dates also allows time for the ITO to gather feedback on Level 4 and Level 5 *Road Transport Management* unit standards registered in 2007.

**Main changes resulting from the revision**

Reclassified and reviewed unit standards have been addressed and qualification credit totals have been reduced.

The changes made as a result of this revision are intended to maintain the currency of the qualifications with minimum impact on providers and trainees part way through a programme.

**National Certificate in Road Transport Management (Operations) [Ref: 1209]**

Changes to structure and content

- Standard 1770 removed from the compulsory requirements
- Standards 1771, 1772, 1774 and 1775 removed from the elective
- Level of standard 21871 updated (from 4 to 5)
- Elective credit requirement reduced from 20 to 15
- Qualification credit total reduced from 85 to 75.

## Transition

People currently working towards a previous version of this qualification may complete its requirements or transfer their results to version 3. People have until December 2009 to complete version 1 and until December 2010 to complete version 2.

## National Diploma in Road Transport Management [Ref: 0961]

Changes to structure and content

- Compulsory set removed
- Elective sets rationalised from 7 to 3, incorporating reclassified Business domains (see classification table below)
- Standards 1770-1772, 1774 and 1775 removed
- Qualification credit total reduced from 125 to 120.

## Transition

People currently working towards version 1 of this qualification may complete its requirements or transfer their results to version 2. People choosing to complete version 1 of the qualification have until December 2010 to do so.

## Exemptions

This qualification contains classifications that replace or are used as substitutes for earlier classifications. For the purposes of version 2 of this qualification, people who have gained credit for standards in the lapsed classifications may continue to use those credits to meet the qualification requirements of Elective 1.
