

FIELD AGRICULTURE, FORESTRY AND FISHERIES

Review of *Forestry* unit standards

This review report was first published in May 2008 and republished in July 2008, and September 2009.

In September 2009 it was republished following the change of review category for unit standard 1250 from D to C and the registration of its replacement unit standard 25952 – see separate report.

In July 2008 it was republished following a request to correct some errors in the **Impact on Existing Provider Accreditations** table. Organisations were then granted the correct extensions of accreditation.

NB Organisations that were granted accreditation for unit standard 6930 have had the standard removed from their accreditation scope.

Summary of review and consultation process

FITEC has been involved in the review of qualification structures for the forestry industry. As part of the process industry advisory groups have been convened and have reviewed the above unit standards to ensure that they are fit for the proposed new qualification structures.

Various industry advisory groups within the forestry sector contributed to the review. Reviewed and new unit standards were then circulated to the wider industry for feedback. All feedback was considered and, where appropriate, incorporated into the review. All the advisory groups then endorsed the changes.

The main changes resulting from the review are:

- 78 unit standards had changes to address issues of currency and accuracy and to ensure they are assigned to the correct classification or are reclassified as appropriate. 53 unit standards were reclassified.
- Unit standards 1236, 6950, and 19766 increased in level.
- Unit standards 1234, 1237, 1243, 1245, 1247, 6924, 6927, 6928, 6930, 6934-6936, 6939, and 6946 were decreased in level.
- Unit standards 1221, 1234, 1238, 1243, 1245, 1247, 1254, 1266, 6921, 6932, 6943, 6947, 6948, 6957, 6958, 6972, 6973, 17763-17766, 17769, and 17772 had an increase in credits.
- Unit standards 1256, 6927, 6939, 6944, 6946, 16842, 17773, and 23411 had a decrease in credits.
- 20 unit standards were designated as expiring because they were no longer necessary and/or their outcomes were covered by other unit standards.
- Ten unit standards in total were replaced by nine unit standards in total.
- 22 new unit standards were created to address areas of knowledge and skills not previously covered.

Unit standards categorised as category C or D expire at the end of December 2011

Impact on existing qualifications

Qualifications that contain the reviewed standards or classifications are tabled below.

Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
Not materially affected	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

The following FITEC qualifications are affected by the outcome of this review and will be revised/reviewed in 2008-2010. The items that generated the *affected* status are in **bold**.

Qualification title	Standard in the qualification
National Diploma in Forestry (Forest Management) (Level 6) [Ref: 0232]	43, 1234, 1236-1238, 1241, 1243, 1245, 1254 , 6916, 6917, 6923, 6924, 13108, 13109, 17769
