The Building and Construction Industry Training Organisation has revised and rolled over the unit standards listed above.

Date new versions published

September 2008

Planned review date

December 2010

Reason for the revision

The unit standards listed above, which form a part of the *Floor and Wall Tiling* domain, were due to be reviewed in December 2008. The Building and Construction Industry Training Organisation has planned a complete review of the *Floor and Wall Tiling* domain for 2010 and has elected to roll over these unit standards so that all the standards in the domain can be reviewed at the same time.

Standards 21376 and 22025 were also revised to update legislation and regulations pending the 2010 review.

Main changes resulting from the revision

- Standards 21372-21375 and 21377-21378 have been rolled over until December 2010.
- Standards 21376 and 22025 have been revised and rolled over until December 2010.
