Summary of review and consultation process

This review was undertaken alongside the development of two new level 4 qualifications, one for Installation and the other for Quotations and Special Aluminium Joinery. The development is almost complete and as part of that process, Unit 558, *Produce a quotation for aluminium joinery products using quotation software* was reviewed to meet current industry needs. The development of the qualifications also revealed the need for a new unit standard to cover window scheduling and specifications. This has been developed and included in this review.

Main changes resulting from the review

- Special notes were updated in keeping with industry requirements to include applicable legislation changes.
- Elements and performance criteria were changed to meet industry requirements and to improve assessability and consistency.
- New unit standard 25858 has been developed to cover skills required by industry.

Impact on Accreditation and Moderation Action Plan (AMAP)
