Field **Service Sector**

Revision and rollover of *Goods Service* unit standards

Subfield	Domain	ID
Commercial Road Transport	Goods Service	20076, 20077, 20079, 20080, 20081, 20082

Tranzqual ITO has updated the unit standards listed above.

Date new versions published **December 2009**

Planned review date **December 2012**

Summary

The revision of these unit standards was initiated by Tranzqual ITO so that the unit standards could be updated with respect to the legislative environment and industry references and codes. Definitions, terms, and assessment conditions used or laid down in the unit standards were also made consistent. The update is intended to maintain the currency of the unit standards until a full review is carried out in 2012.

There is no impact on provider accreditations or existing qualifications resulting from this revision.

Main changes

The changes are:
- scheduling planned review for 2012
- re-ordering and re-formatting Special Notes to make them consistent with more recent versions of *Commercial Road Transport* unit standards
- ensuring definitions are consistently expressed across the unit standards
- updating legal requirements relevant to each unit standard
- updating references (and their availability) cited in Special Notes.

Detailed list of unit standards – title, level, and credits

There are no changes to title, level or credits resulting from this revision.
