Revision of *Agrichemical Supply* qualification

National Certificate in Agrichemical Supply (Level 3) with strands in Animal Health Products, and Plant Protection Products [Ref: 0325]

The Agriculture Industry Training Organisation has revised the qualification above.

Date new version published **July 2009**

The next qualification review is planned to take place during 2010.

Reason for the revision

The revision was carried out to update the details of standards in the qualification following the revision of standards in the Agrichemical Supply domain.

Main changes resulting from the revision

- Levels have decreased from 4 to 3 for standards 21543, 21544, 21545, 21546, and 21547.
- The qualification level has not been affected by these changes and remains the same.

Transition

There are no transition consequences resulting from the revision. However, people who are partway through version 2 are encouraged to transfer their results to the new version of the qualification.
