Revision of *Transportation of Waste and Recoverable Resources* qualifications

National Certificate in Transportation of Waste and Recoverable Resources (Liquid and Hazardous Waste) [Ref: 1226]

National Certificate in Transportation of Waste and Recoverable Resources (Solid Waste) with strands in Light Motor Vehicle and Heavy Motor Vehicle [Ref: 1232]

Tranzqual ITO has revised the qualifications listed above.

Date new version published

May 2009

The next qualification review is planned to take place during 2013. This date has been extended to align the qualification with the standards contained within the Transportation of Waste and Recoverable Resources domain.

Reason for the revision

The qualifications have been updated to:

- maintain currency following the introduction of the Land Transport Rule: Work Time and Logbooks 2007, which resulted in the expiry of standard 15164 and the registration of standard 24089
- remove expiring and expired standards 1770, 1771, 17195, 17196, and 17228 from Ref: 1232
- account for changes to titles, levels, and credits resulting from the review of standards.

Main changes resulting from the revision

Expiring and expired standards have been removed from the qualifications. Reclassified and reviewed standards have been addressed and qualification credit totals have decreased.
