### Revision of *Stevedoring and Ports Industry* qualifications

**National Certificate in Stevedoring and Ports Industry (Cargo Handling) (Level 2)**  
[Ref: 1451]

**National Certificate in Stevedoring and Ports Industry (Cargo Handling) (Level 3)**  
[Ref: 1010]

Tranzqual ITO has revised the qualifications listed above.

**Date new versions published**

**November 2009**

The next qualification review is planned to take place during 2013.

#### Reason for the revision

These qualifications have been updated to remove standard 16605 and to take into account the changes made at the review and revision of standards 3483, 3490, 9680, 25100, and 25104.

#### Main changes resulting from the revision

Standard 16605, which recognises driving skills and knowledge, was deemed unnecessary by industry and removed because both qualifications already include a standard specific to driving within a port environment. The level 2 qualification was affected by the review of standards 3483, 3490, and 9680, in the Communications Skills subfield and the revision of standards 25100 and 25104, in the Cargo Handling domain. It has been updated to reflect changes made to the revised and reviewed standards.
