

Field Service Sector**Review of *Aviation* – Core unit standards**

Subfield	Domain	ID
Aviation	Aviation – Core	21834-21837

The Aviation, Tourism and Travel Training Organisation has completed the review of the unit standards listed above.

Date new versions published

December 2010

Planned review date

August 2015

Summary

These unit standards have been reviewed to maintain their fitness for purpose. Most of these standards have been well used and all continue to be relevant to the aviation industry.

The title for unit standard 21837 was changed to better reflect the overall outcomes of the standard. More explanatory notes were added, and existing ones were amended, to reflect the latest legislative requirements; these changes were suggested and endorsed by the aviation industry.

Main changes

- Minor editorial amendments have been made.
- Standard 21837 has been updated to reflect the latest legislation and requirements; in addition outcome 5 has been removed, though this does not affect the overall outcome of the standard.

Impact on registered qualifications

Key to type of impact	
Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
