

Field Engineering and Technology**Revision of *Aeronautical Composites* unit standards 4020 and 4021**

| Subfield | Domain | ID |
|--------------------------|-------------------------|------------|
| Aeronautical Engineering | Aeronautical Composites | 4020, 4021 |

The Aviation, Tourism and Travel Training Organisation has completed the revision of the unit standards listed above.

Date new versions published

February 2010

Planned review date

December 2012

Summary

This revision was carried out following feedback from industry, in order to remove the prerequisite entry requirement which had been identified as a potential barrier to achievement for some aeronautical engineering workplaces.

Main changes

- Prerequisite requirement removed from unit standards 4020 and 4021.
