Field Engineering and Technology

Revision and Rollover of Engineering - Measurement unit standard 4435

Subfield	Domain	ID
Mechanical Engineering	Engineering - Measurement	4435

Competenz has revised and rolled over the unit standard listed above.

Date new versions published

February 2010

Planned review date

December 2015

Reason for the revision

Unit standard 4435 was revised to make sure it was still fit for purpose, reflected current industry practice, and was achievable.

Main changes resulting from the revision

The special notes were updated to reflect the needs of the wider mechanical engineering disciplines.

- Reference to the Health and Safety in Employment Act 1992 was added.
- Definition for industry practice was included.
- Range statement was modified to clarify evidence requirements.

Impact on existing provider accreditations

None.

Impact on Accreditation and Moderation Action Plan (AMAP)

None.

Impact on existing qualifications

None.
