

Field Law and Security**Review of *Weapon Systems Engineering* unit standards**

Subfield	Domain	ID
Defence	Weapon Systems Engineering	21050-21056

Learning State Limited has completed the review of the unit standards listed above.

Summary

Following consultation with the New Zealand Defence Force, Learning State Limited has designated these unit standards as expiring. There were no candidates enrolled in programmes leading to assessment against these unit standards and no transition arrangements were required.

Category D unit standards will expire at the end of December 2010**Detailed list of unit standards – classification, title, level, and credits**

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced
