

**Field Agriculture, Forestry and Fisheries****Review of Forestry unit standards**

Subfield	Domain	ID
Forestry	Forest Establishment	19955-19962

The Forest Industries Training and Education Council (FITEC) has completed the review of the unit standards listed above.

**Date new versions published****July 2011****Summary**

The above unit standards were reviewed with a view to designate them as expiring. Feedback and consultation undertaken with the industry through the sector operating committee and organisations with consent to assess confirmed and endorsed the intent of the review.

**Main changes**

- These unit standards have been designated expiring.

**Category D unit standards will expire at the end of December 2013.**

**Impact on registered qualifications**

Key to type of impact	
<b>Affected</b>	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
<b>Not materially affected</b>	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

The following FITEC qualification is impacted by the outcome of this review. The classifications and/or standards that generated the status *Affected* are listed in **bold**. This qualification has been designated as expiring at the end of December 2013.

Ref	Qualification Title	Classification or ID
1066	National Certificate in Forestry (Mechanical Land Preparation) (Level 4)	<b>19955-19962</b>

**Detailed list of unit standards – classification, title, level, and credits**

Key to review category	
<b>A</b>	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
<b>B</b>	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
<b>C</b>	Major changes that necessitate the registration of a replacement standard with a new ID
<b>D</b>	Standard will expire and not be replaced
